CAREER OBJECTIVES

Dedicated Computer Science and Engineering graduate with expertise in Python, C/C++, and machine learning, complemented by Cisco Certified Network Associate (CCNA) training. Passionate about leveraging data-driven solutions and computer vision to address real-world challenges. Seeking opportunities to contribute to innovative projects in AI, network security, or software development while fostering collaborative growth.

EDUCATIONAL QUALIFICATIONS

- **M.Sc. in Computer Science & Engineering**
  Jahangirnagar University — *May 2024 - Running*
- **B.Sc. in Computer Science & Engineering** — *CGPA: 3.66*
  Daffodil International University — *January 2020 - March 2024*
- **HSC in Science** — *GPA: 4.50*
  Ananda Mohan College — *July 2017 – June 2019*
- **SSC in Science** — *GPA: 5.00*
  Gouripur R K Government High School — *January 2012 – June 2017*

TECHNICAL SKILLS

Programming Languages: Python, C, C++

Software & Tools
- OpenGL, Adobe XD (UI/UX), Adobe Photoshop/Illustrator (Graphic Design)
- Microsoft Office, Google Workspace (Docs, Sheets, Slides)
- IDEs: Visual Studio Code, Google Colab, Anaconda, JupyterLab

Machine Learning & Data Science
- Libraries: NumPy, Pandas, Scikit-Learn
- Algorithms: Supervised/Unsupervised Learning, Data Visualization
- Tools: OpenCV, TensorFlow/Keras (implied via platforms)

Computer Networks
- Cisco Certified Network Associate (CCNA)
- Routing & Switching, Network Security, Infrastructure Configuration

Database Management: MySQL

Computer Graphics
- 2D/3D Graphics Programming (OpenGL)
- Design Tools: Adobe Photoshop, Illustrator

Web Development
- Frontend: HTML, CSS, Basic JavaScript
- Backend: Basic PHP

Core Competencies
- Problem Solving & Algorithm Design
- Cross-functional Communication
- Creative Technical Solutions
- Agile Time Management
- Attention to Detail
- Technical Mentorship

TRAININGS & CERTIFICATIONS

Professional Development

- Cisco Certified Network Associate (CCNA) *BITM (Ongoing | 2025)*
- Python for Data Science A-Z: EDA with Real Exercises *Udemy | 2024*
- 40 Real-World Data Science & Machine Learning Projects (2024) *Udemy | 2024*

General IT & Computer Fundamentals

- National Skill Standard Basic (360 Hrs) *Digital Computer Training Centre | 2017*

Graphic Design

- Graphic Design Certification *Signature Mind Institute | 2022*

Language & Communication

- English & Business Communication *Skill Jobs | 2023*

Soft Skills & Development

- Positivity: Building a Positive Mentality *GoEdu | 2022*
- Setting and Achieving Goals, Focus, and Targets *GoEdu | 2022*

PROJECTS

1. Weather Prediction System for Dhaka | Machine Learning Engineer

- Tech Stack: Python, Scikit-Learn, Pandas, NumPy, Matplotlib, Flask
- Developed a machine learning model to predict weather patterns (temperature, humidity, rainfall) in Dhaka using historical data.
- Engineered features, optimized hyperparameters, and deployed the model as a real-time prediction API using Flask.
- Achieved ~85% accuracy using Gradient Boost algorithm.
- Visualized data trends and model performance with Matplotlib; conducted exploratory analysis in Pandas.

2. Envirenment Analysis and Crop Recommendation System | Machine Learning & Sustainability

- Tech Stack: Python, Scikit-Learn, Pandas, Seaborn, Flask
- Tools: VS Code, Google Colab
- Designed an ML-driven system to recommend optimal crops based on environmental factors (soil composition, rainfall, temperature).
- Integrated data analysis and visualization tools to support sustainable farming practices, improving crop yield efficiency by ~30%.
- Deployed a user-friendly interface for real-time recommendations using Flask.
- Tools: Pandas, Seaborn, Google Colab.

3. 15-Minute Course Platform | Full-Stack Developer

- Tech Stack: HTML, CSS, JavaScript, PHP
- Tools: VS Code, XAMPP, Adobe XD (UI/UX)
- Built a dynamic e-learning website enabling users to browse, purchase, and access short-duration courses.
- Implemented user authentication, payment gateway integration, and a responsive UI for seamless course delivery.
- Utilized PHP for backend logic, ensuring scalability to more users.

CO-CURRICULAR ACTIVITIES

- Competed in ICPC Programming Contest & DIU-CPC's Take-Off Contest.
- Organized events as a scout leader at National Cub Camporee (Gazipur) and District Scout Rally (Mymensingh).
- Awarded in local/national drawing competitions.
- Captained school cricket team in inter-school tournaments.
